TOTALS		6			5

Honorable accolades:

Pilot with the most missions overall **CG5263 vLT Wallis**

Pilot with the most flight hours overall **CG5263 vLT Wallis**

The vUSCG again wants to thank all participating VSOA's for such a successful event. It's been fun, exciting and at times maybe a wee bit long for some of those long haul flights. We have all learned a few things on how to make such a large successful mission come together. We, the Management of the vUSCG want to at this time give kudos to vADM Shelton for all his efforts and time he has contributed to ensure this was a worthwhile joint mission.

END OF REPORT

The vUSCG Management Team.
